The Healthcare Leadership Model Appraisal Hub is an online, user friendly system for measuring and providing leaders in healthcare with feedback on their individual behaviour and performance

# Introduction

## What is the Healthcare Leadership Model Appraisal Hub?

- The Healthcare Leadership Model Appraisal Hub is an **online, user friendly** system for **measuring** and providing **leaders** in healthcare with **feedback** on their individual **behaviour** and **performance**.
- The hub enables you to complete a **questionnaire** based on the **Healthcare Leadership Model** that evaluates your **self-perception** of your **leadership behaviour** in the workplace.
- Individuals who have chosen to participate in the **360° Questionnaire** will also receive feedback from their '**raters**'; other people (peers, direct reports, line manager, and others) whom they have invited to provide **observation** and **comment** on their leadership **performance** and **behaviour**.
- The results are presented to you in a **report** which will be provided by an **accredited facilitator** as part of a **dedicated feedback session**.
- The report will give you an indication of your **current leadership performance** and **behaviour** as seen by yourself in **comparison** with your raters.
- Through **exploration** of the report with your facilitator, you will gain a real insight into your areas of **strengths** and **limitations** and begin to construct a **development plan** from which to **enhance** your effectiveness as a **leader**.

## Why am I being asked to complete this questionnaire?

- The questionnaire provides an **opportunity** for **you** and the **people you work with** to **rate** your leadership behaviours within your work place. This will help you to **develop** and make **sustainable** improvements to your **performance** at work.
- The questionnaire can be used to provide a starting point for **discussion** and **increased awareness** at an individual, team or organisational level.
- The report can provide you with an increased awareness of both your **strengths** and **limitations** in the workplace. It can highlight areas where you may have **overestimated** your performance as well as areas you may have **neglected**.

# Starting your Questionnaire

- After clicking on **Start my questionnaire**, you will be asked **nine questions** based on the **nine dimensions** of the Healthcare Leadership Model.
- If you have **Direct Reports** you will also be asked to answer a set of **34 questions** about the team you lead.
- The questionnaire should take approximately **15 to 30 minutes** to complete. However, if you are unable to complete the questionnaire in one sitting, you can log out and log in at a later date to **continue** from the point at which you left.
- Throughout the questionnaire, you will be asked to select a level which accurately **describes your behaviour** and also to **rate the importance** of each dimension to your job role.
- Please note that there are **no better or worse answers**, and the level of behaviour and rate of importance will vary **depending** on the requirements or limitations of **your specific job role**. Try to provide your most **natural** responses to the questions.

Before you start your questionnaire, you will be asked if you have any **Direct Reports**.

Do you have any Direct Reports?\*

Yes

No

If you have direct reports, there are some additional questions for you to complete.

\*A Direct Report is an individual for whom you have a direct responsibility to lead.

For questions related to the nine dimensions, you are given a brief description of the dimension to read. Then, each question consists of two parts.

- For the first part, please read the descriptions and select the option that **best describes your behaviour** in relation to this dimension.
- For the second part, you are asked to **rate how important** the dimension is to your job role.

Once you have selected your answers, click **Save and go to the next dimension**.

## Rater Anonymity

- The ratings and comments from your raters are presented **anonymously** in your report. The **only** visible description of the rater will be their **relationship to you** (Line manager, Peer, Direct report, Others).
- However, as most people only have **one** Line manager and your Line manager **must** rate you before you can request your report, your Line manager's ratings and comments **will** be identifiable in your report.
- It is **recommended** that you choose **at least three** peers and **three** direct reports as raters, although this is optional.
- If there are **fewer than three** raters in either 'Peers' or 'Direct reports', these will be **disguised** by **moving** them into the 'Others' group. If 'Others' **still** contains fewer than three raters then 'Direct Reports' will **also** be moved into this group. This means that the reader **cannot recognise** any individual's input, which would be easy to do with one or two raters for each relationship.

## Step 8.

# Requesting Your Report

- Once you have completed **all** of the above steps and **at least one Line manager** has finished rating you, the **Request My Report** button will appear. Click this **only** when you are happy that no one else needs to rate you.
- If you would like your raters to have **additional time** to complete their ratings, you can change your completion date to allow them to do this.
- Clicking the **Request My Report** button will send it to your chosen facilitator, ready for your face to face session.
