Maintaining and safeguarding our clients’ employees’ and other third-parties’ privacy and personal information is our top priority.

Data protection and information security has always been forefront of our minds and we have had a project running for over 9 months to ensure our business adheres to the high standards established by the General Data Protection Regulation (GDPR), a set of laws passed by the European Union and adopted by the UK.

The JCA Global Board of Directors are accountable to ensure JCA Global complies with GDPR. Specific roles with responsibilities as set-out in our privacy policy being:

- Deputy Privacy Officers:
  - Head of Operations
  - IT Infrastructure Manager

JCA Global is advised by Sampson Hall Ltd, who provide EU Data Protection Accredited advisers. Sampson Hall also provide an outsourced and ongoing Data Protection Officer service to JCA Global.

Some of the activities we have undertaken in recent months include:

- A GDPR gap analysis with resultant actions
- Data flows analysis and mapping to contribute to our data inventory
- Risk and data protection impact assessments
- Developing new, and enhancing current, policies and procedures, including the privacy notice for our main hub administration system which all users need to acknowledge before proceeding
- Updates to our systems and infrastructure
- Updates to our terms and conditions and contracts
- Additional training for our people

We maintain strict security standards with a view to preventing unauthorised access to personal data. We use leading technologies such as data encryption, firewalls and server authentication to protect the security of personal data. JCA Global observe these privacy standards and any third parties who work with and for us (as they may do to provide services connected with our services) are also required to observe these privacy standards.

JCA Global has agreed an updated contract with the NHS Leadership Academy (part of Health Education England). The revised terms include the NHS’s standard Data Protection Protocol (see appendix A) as devised by the Department of Health and Social Care. The contract with the NHS Leadership Academy allows NHS employees and/or NHS organisations to use the NHS Healthcare leadership model 360 feedback tool and associated services. JCA Global owes the NHS organisation that makes payment directly to it the same obligations under the contract that as it would owe to the NHS Leadership Academy in the same circumstances; and the NHS organisation is entitled to enforce those same obligations against JCA Global. JCA Global will therefore not enter into duplicate contracts for the supply of these services.
